DEDICATION

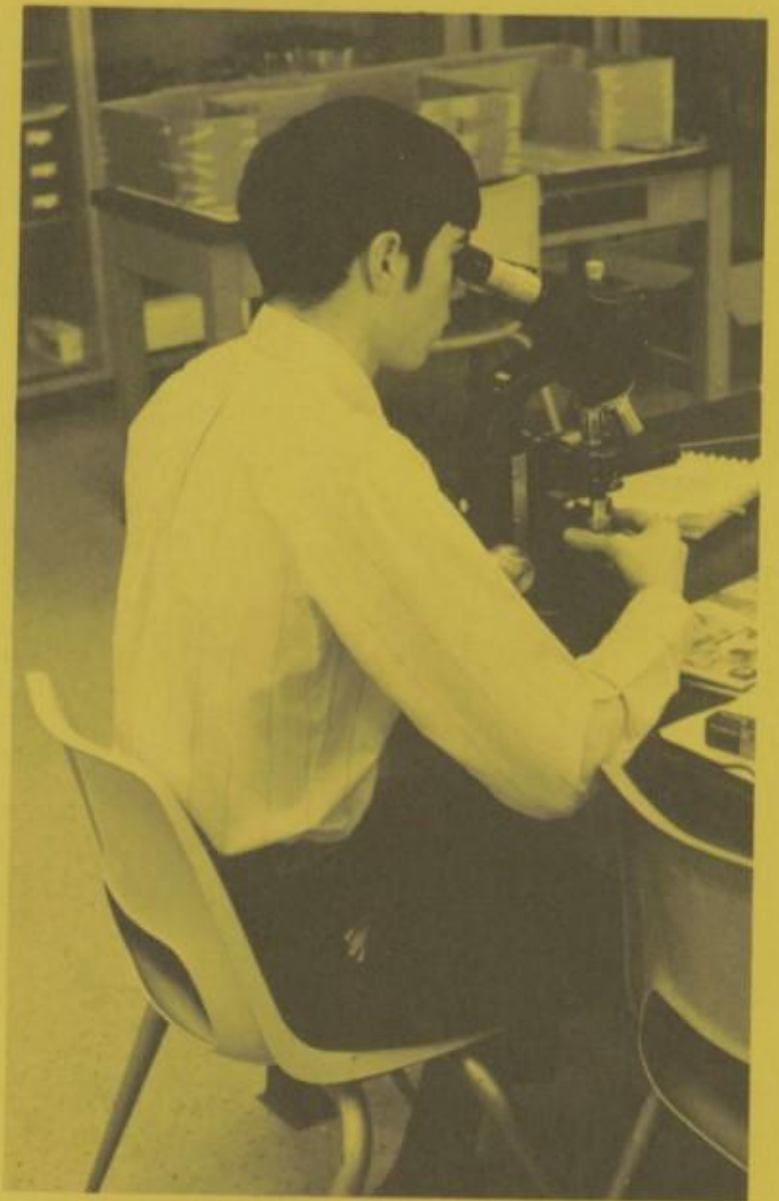

The puzzle must include memories and gratitude for one who has had time to care and to act. Throughout our high school careers, we have been fortunate to know one who has unselfishly given his time and energy for the advancement of our class. The advice given by Mr. Faulkner and his interest in us have helped immensely. He has unlocked doors to new ideas, thus, helping to make our lives at Sun Valley High School more complete. Therefore, in recognition of his service to the Class of 1969, we extend our deepest appreciation and proudly dedicate our Spectrum to Mr. William Faulkner.

LET SPIRIT DOMINATE

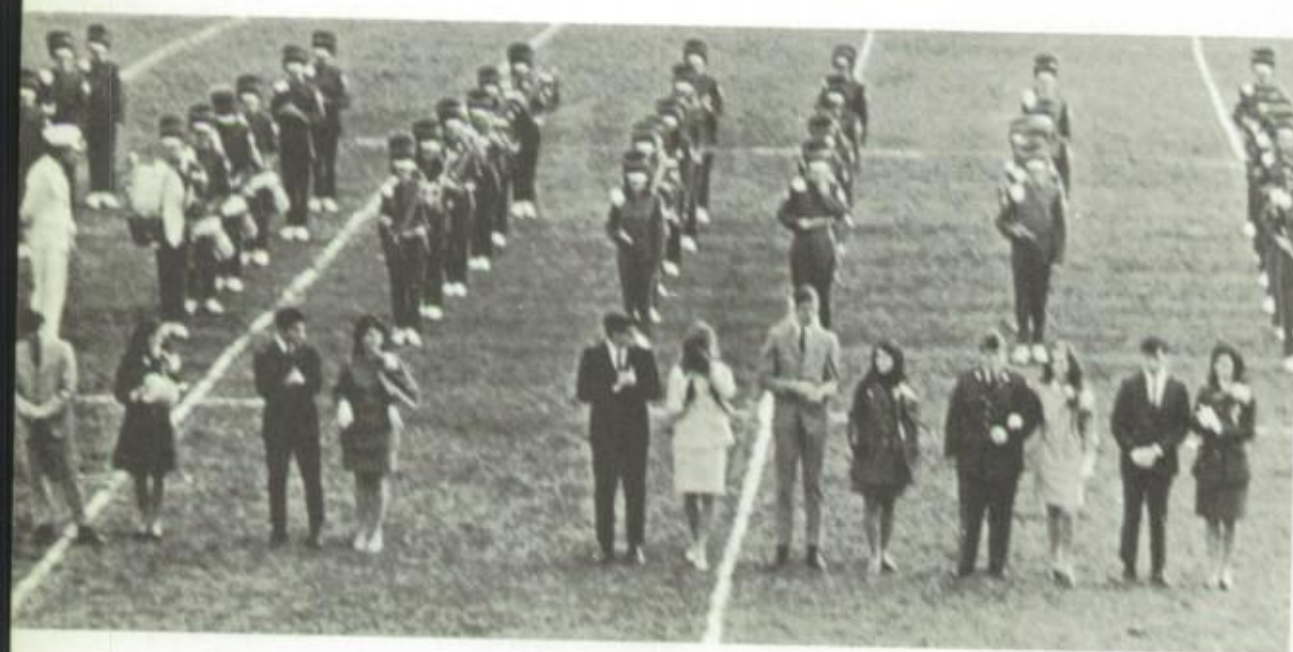

SPIRIT is one factor of school life that is essential to a successful school. It creates a pride in each student and faculty member. Once spirit is seen in a few, it then spreads like contagion. The feeling of belonging, security, and belonging to a good group is the greatest.

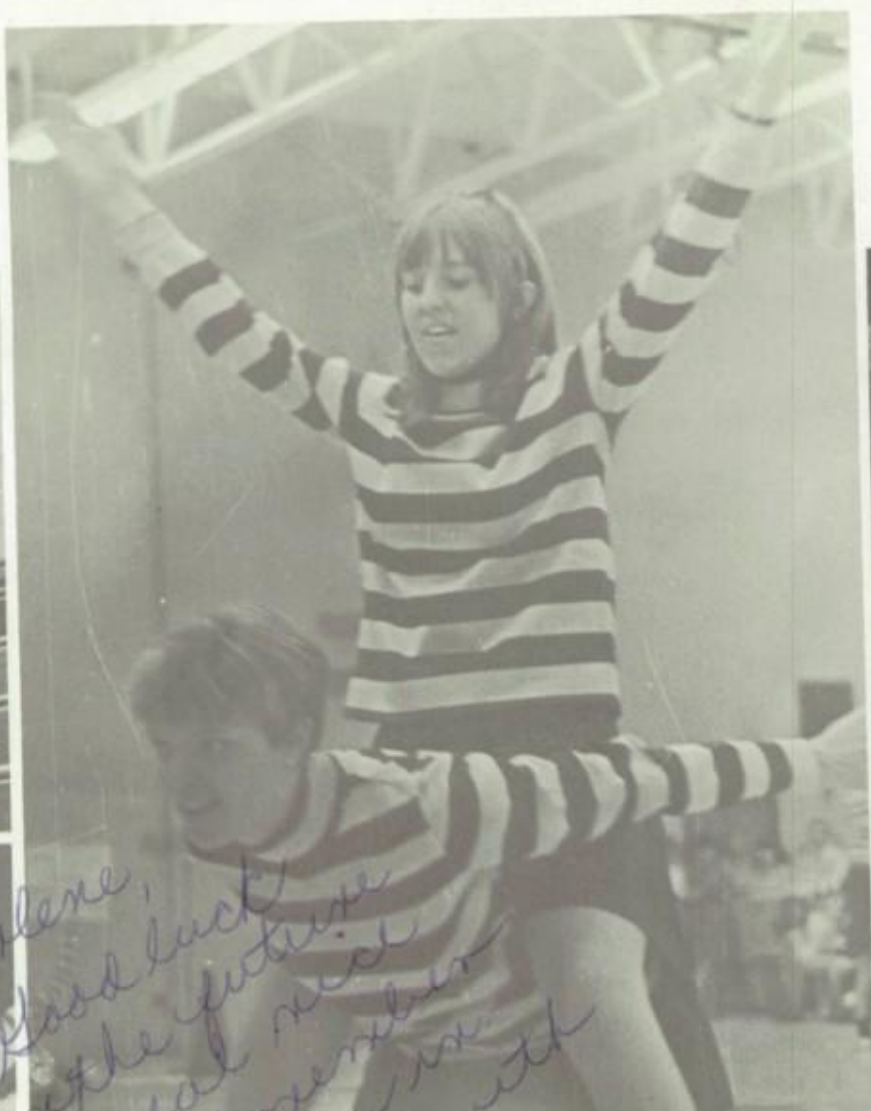

The class of 1969 originated the first real symbol of spirit — the Vanguard Griffin. Joe Fortune, our Buzzard, was the first Griffin and now the tradition begins. Only a senior can wear the costume.

The happiness and sadness felt at all of Sun Valley's games will remain in our minds for some time. For those of us who will become alumni members of Sun Valley, it is a sad feeling. The others who will still remain here, have all the great games of next season to anticipate.

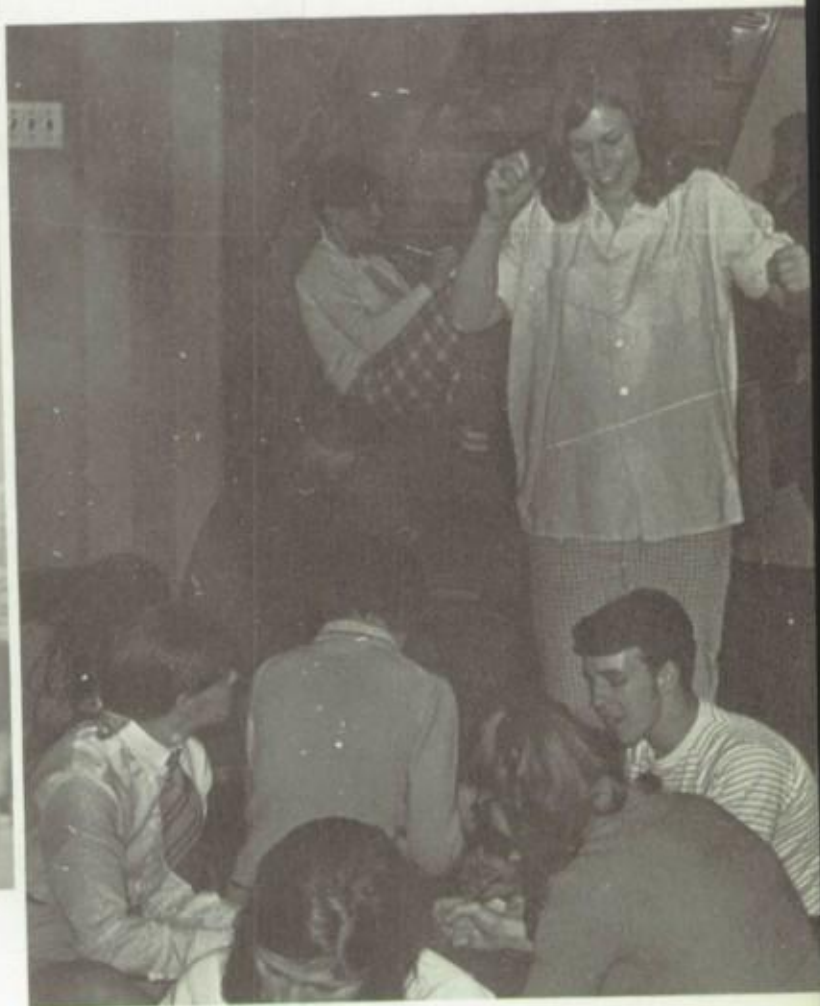

Spirit is a very intricate puzzle piece of our school lives. The following six pages are dedicated to everyone who has, at one time, felt true school spirit.

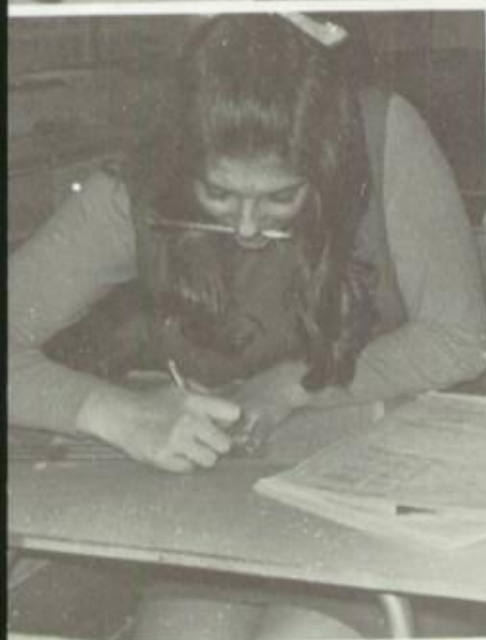

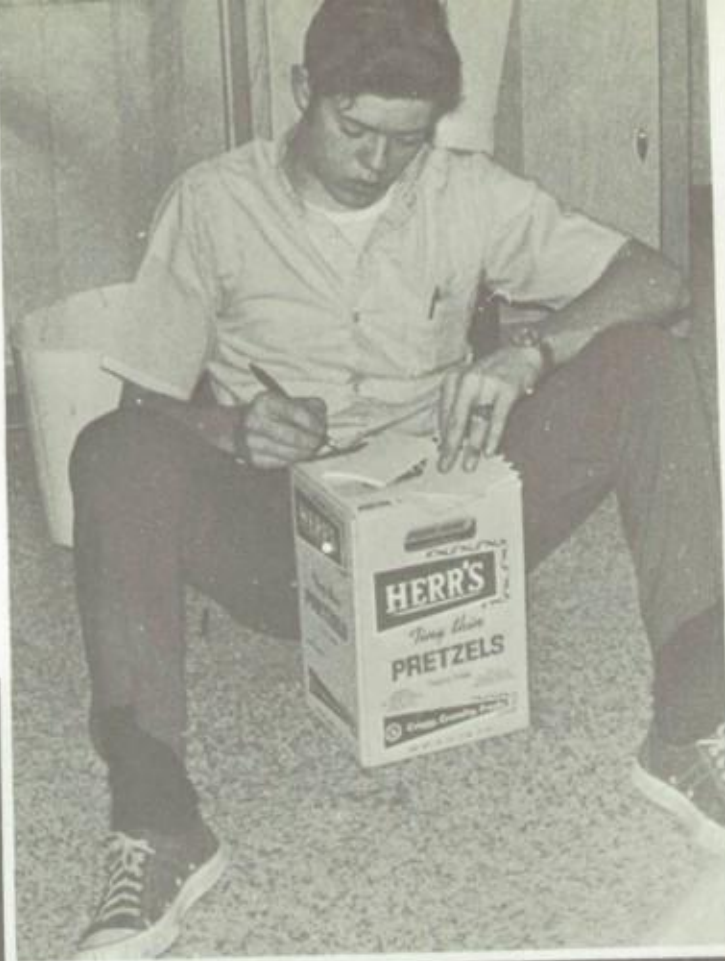

Arlene,
 Good luck
 in the future
 to a real nice
 girl! Remember

VO-TECH

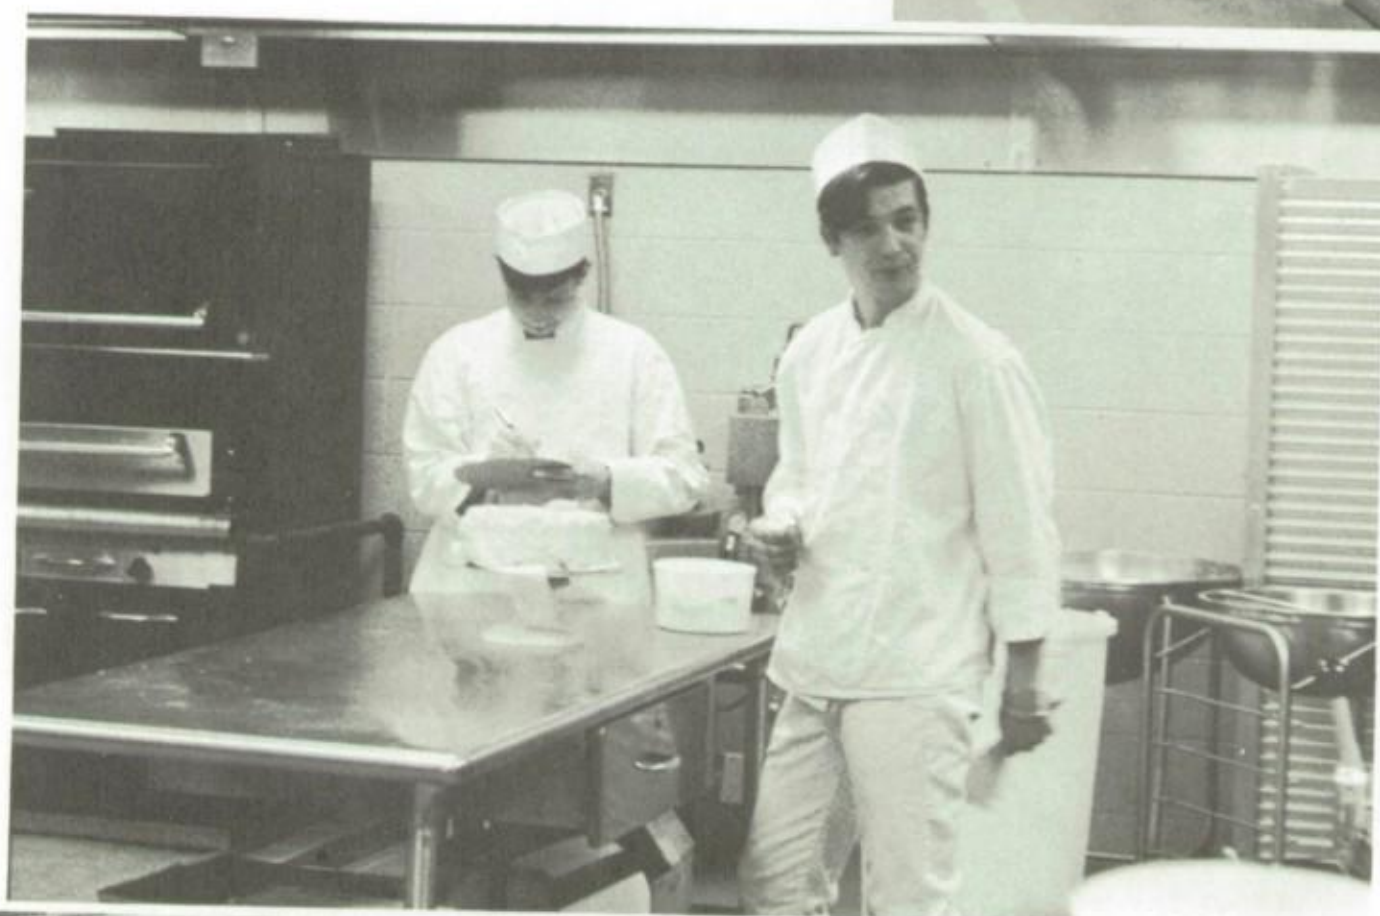

A new aspect of Sun Valley High School was introduced this year with Vocational-Technical education. These extension courses allow students to attend one-half day at Sun Valley and one-half day at the vo-tech school.

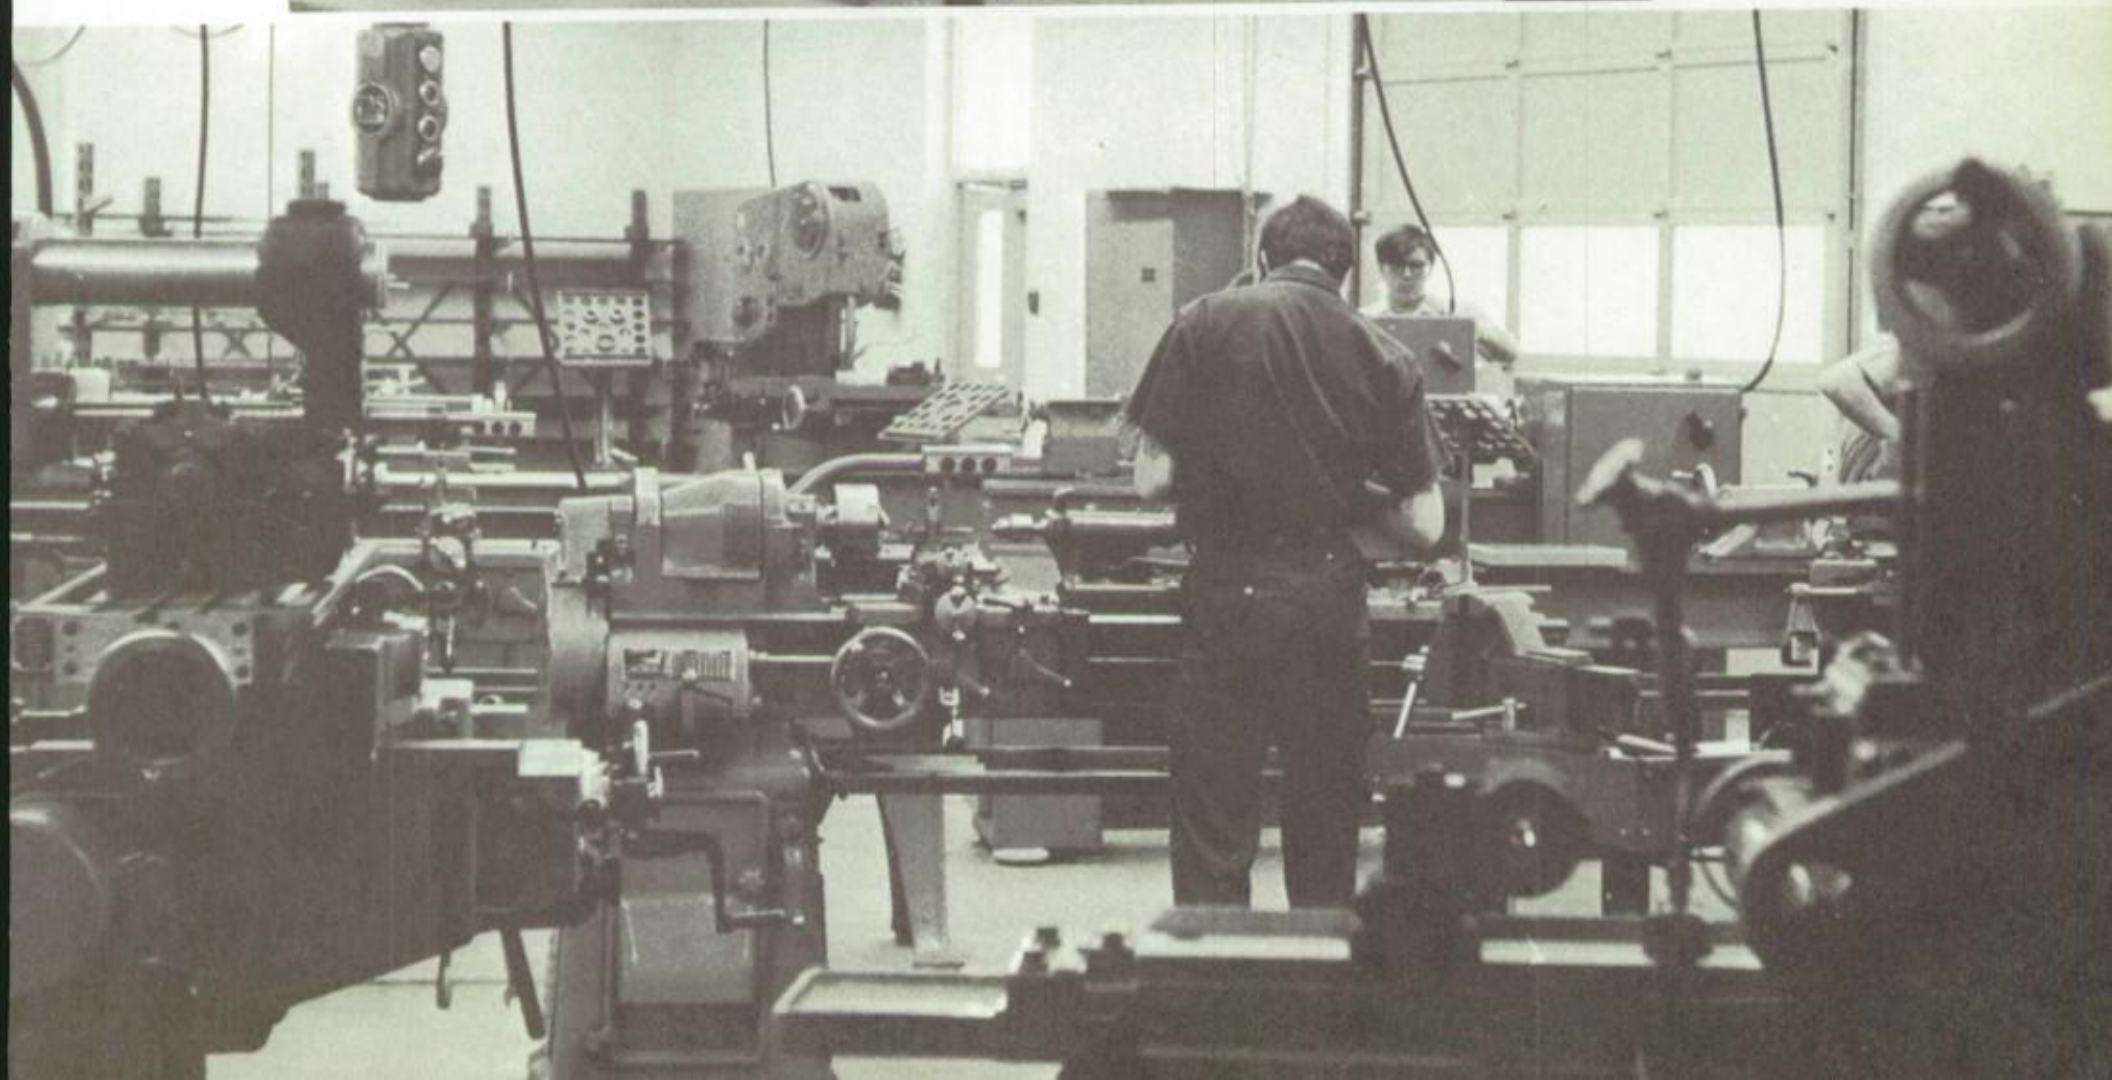

The courses offered to the students range from automotive skills to laboratory technology in the scientific area. Also offered this year was a course in data processing. The purpose of these courses is to acquaint students with the basic concepts of the field they have chosen. Many of the students graduated from these courses will find employment readily. Some will probably go on to further their education in their field.

Although the vo-tech school is not a physical part of the Sun Valley complex, it is, however, a very important puzzle piece of Sun Valley High School.

ORGANIZATIONS

FUTURE TEACHERS OF AMERICA

FTA, Future Teachers of America, is the high school organization affiliated with the National Education Association. During the school year the club sponsored a Faculty Tea, Teacher Appreciation Day, Teacher Turnabout Day, and several money raising events. Members of the club assisted senior high teachers during their free periods. The regional convention was held at Sun Valley this year. Carol Berkowitz, club president, served as regional president this year. This was a great honor.

The Pennsylvania Federation of Junior Historians is the largest organization in the high school. The History Club, as it is informally called, sponsors day trips to many historical and cultural centers in our state. Activities and trips this year included trips to New York and Washington, D.C. This spring the club held a History Fair. The winners received partial scholarships to the state convention. The convention, held annually in April, was in Harrisburg this year. Along with Penncrest, the club sponsored the regional convention. Mr. Barraclough is the club's sponsor.

Sun Valley's Distributive Education chapter got off to a great start with a very successful candy sale last fall, followed up by a Christmas candle sale. Their float won second place in Brookhaven's annual Christmas parade and once again they sponsored the Santa Claus project in Grant's. The club also participated in competitive events, held a Regional Dinner-Dance, and an Employee-Employer Banquet. Their activities also included community and fund-raising projects.

Sun Valley's Dramatics Club is composed of students interested in participating in any phase of play production. The successful fall production, *Tune in on Terror*, was the result of the hard work of this dedicated group. Besides acting in the play, students applied make-up, managed lighting and props, publicized and helped direct the play. Mrs. Lenard was the group's advisor.

The Spectrum staff was, without a doubt, one of the hardest working organizations in the school. Under the leadership of Christine Turk and Barbara Mastronardo, members of the staff gave up many hours of their time to work on the yearbook. The group also sponsored many money-raising events including the ever-popular candy sale. Miss Peggy Dougherty was their advisor.

Our "Principal of the Year"

TO THE CLASS OF 1969

You have been hearing a great deal about power — all sorts of power — during the last few years.

The aphorism, "knowledge is power," is so old that it is impossible to credit the first man who thought of it. That it remains true is evident in every hand. To a considerable degree, knowledge is the essential ingredient of success. It is not the only ingredient, but it is the only ingredient that formal education is well equipped to provide through its purposeful programs. Even the other ingredients, qualities of character and personality, are partly the products of knowledge.

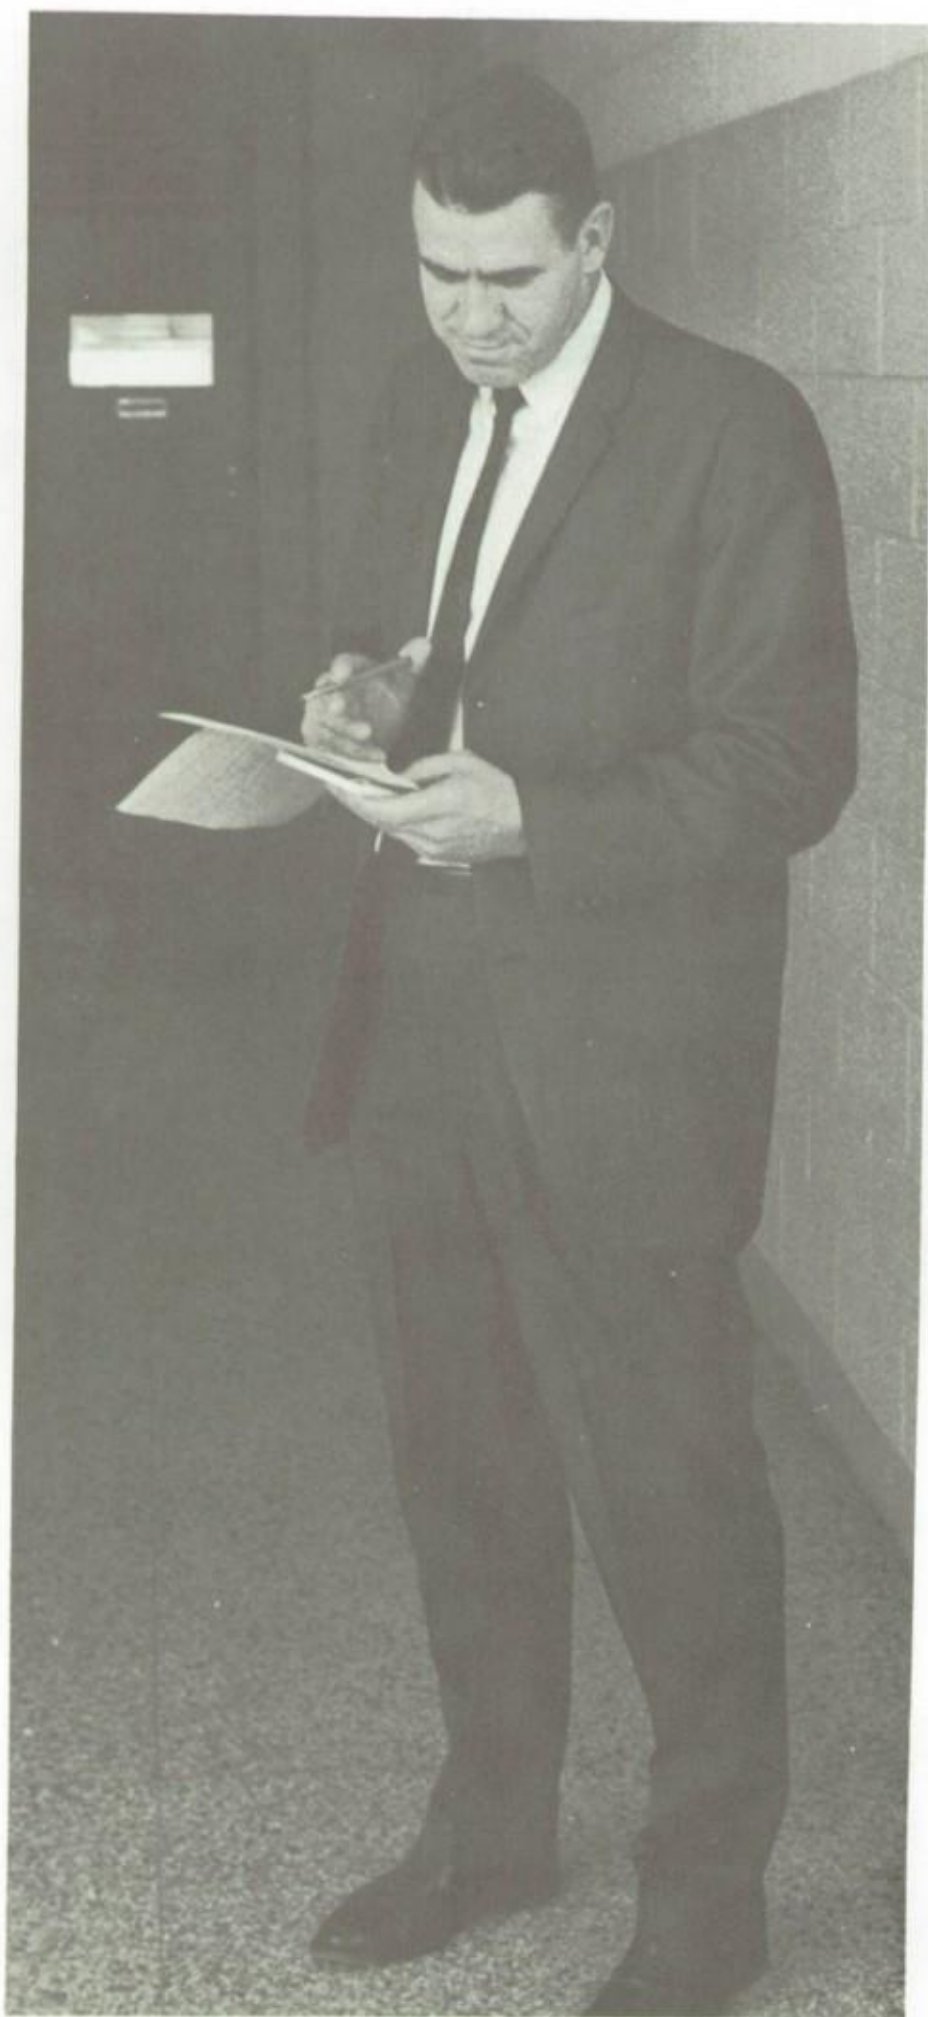

It is my wish that each of you will use the knowledge which you have gained to give you the power to shape new and brighter images of your own.

My best to all.

IN MEMORIAM

Dennis Strain

The puzzle of life, having many facets, encompasses that which brings joy, that which is to come, and that which must remain as memories.

Memories, abstract in existence, develop as a sense of what has passed, as a reminder of previous joy, passed happiness, and of how trust once grew between friends.

Joy, happiness, friendship. Denny, you were all of these. As memories always do, yours will become interwoven in the threads of hearts who remember you, and in fond memories of youth and friendship you will serve us justly always.

Advisors — Mr. Allen Brewster and Miss Natalie Densmore.

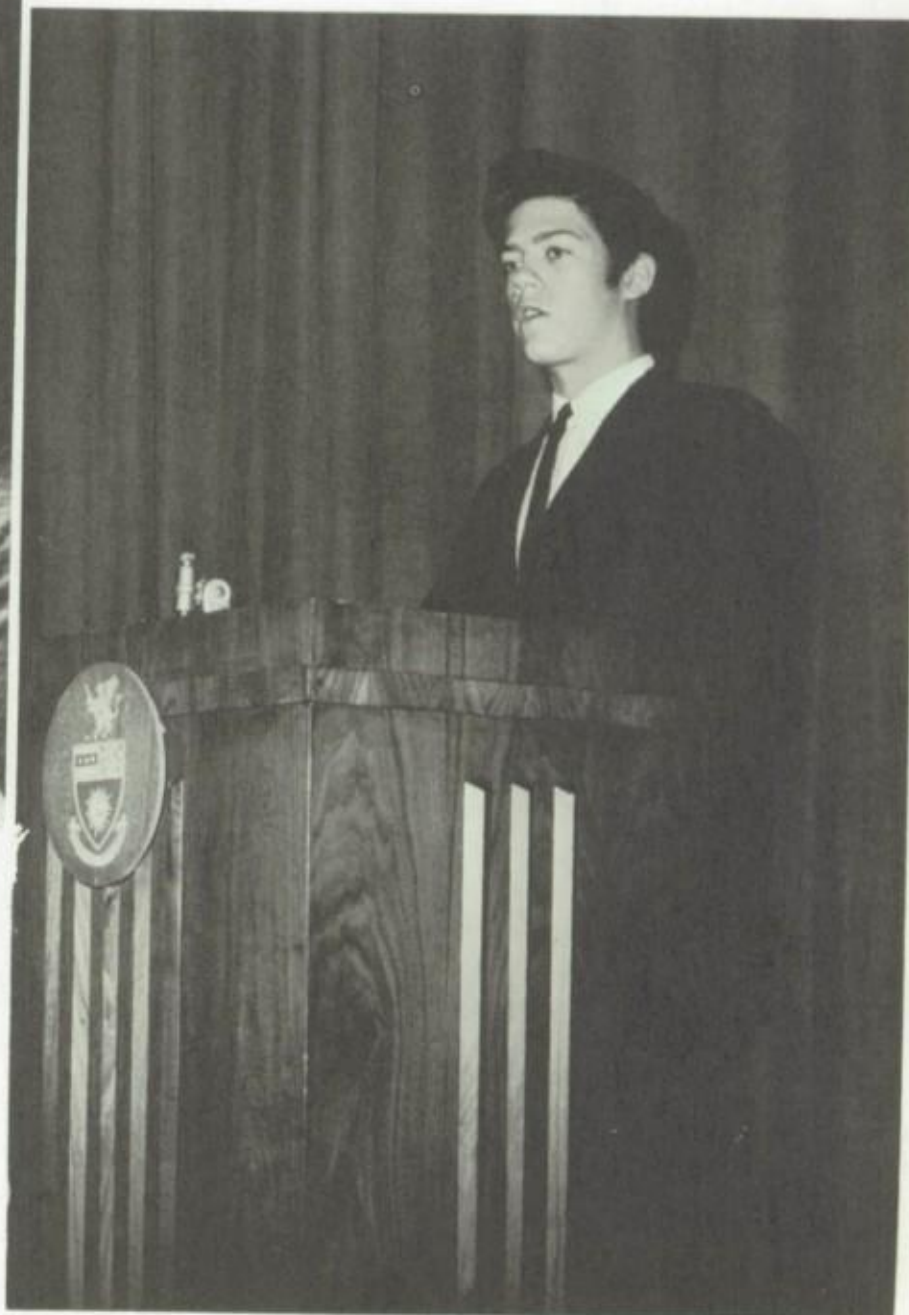

PRESIDENT'S MESSAGE

My fellow classmates:

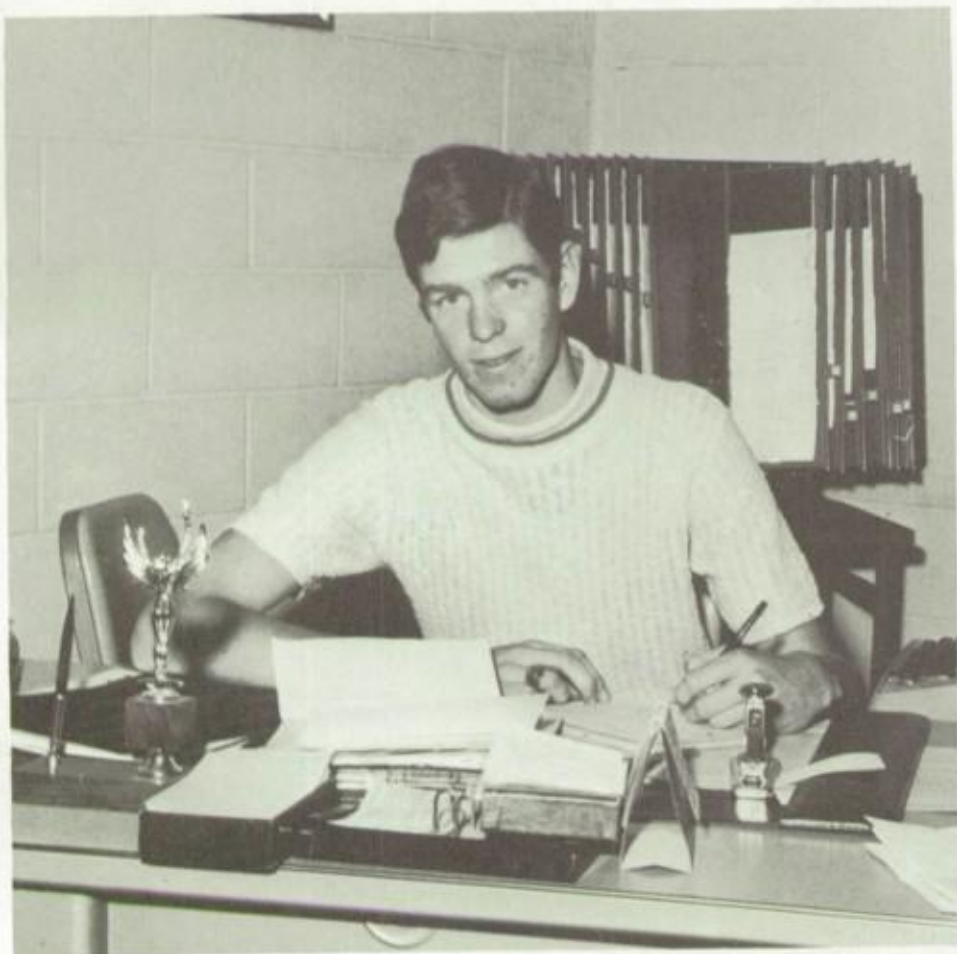

Puzzle pieces is a very appropriate theme for our Spectrum. It shows exactly how a school should work together. Spirit builds a school. As I look back on the past three years, I can see how the spirit of the Class of 1969 has grown. This inspiration is also visibly reflected in the underclassmen. There is now a pride in our school that could only have been achieved through work — TEAM-WORK — done by all the students of Sun Valley High School.

In closing, I would like you to know that knowing you and working with you has been the most exciting experience of my life. May God bless you all and bring you success in your chosen fields of endeavor.

Sincerely,
Ronald W. Tuozzo
President of Class 1969

President — Ronald W. Tuozzo

Vice President — Clint Refsnyder

Historian — Sherry Towe

Treasurer — Lane Collins

Our puzzle is complete. The pieces are all in order. As we fit the separate phases of our lives together we see them become more complete in meaning. This year is but one of those parts of the complicated puzzle of life. Let us strive onward to higher goals, never forgetting the memories of our high school days.
